

Use-Case Flow Specification

Use Case ID: UC-03

Use Case Name: Approve Budget Proposal

Primary Actors: Faculty Coordinator, Finance Officer, Dean

Preconditions

A Club Lead has submitted an event proposal with a budget request.

The proposal has been recorded in the system.

The current approver is authorized to review the request.

Postconditions

The budget proposal is either approved or rejected.

If approved, the request moves to the next approval stage.

The system records the approval/rejection and updates the request status.

After Dean approval, the budget proposal is marked as **Budget Approved**.

Main Success Scenario

The system receives the event budget proposal submitted by the Club Lead.

The system sets the status to **Pending Faculty Coordinator Approval**.

The Faculty Coordinator reviews the event proposal and requested budget.

The Faculty Coordinator approves the proposal.

The system records the approval and changes the status to **Pending Finance Office Approval**.

The Finance Officer reviews the proposal and requested budget.

The Finance Officer approves the proposal.

The system records the approval and changes the status to **Pending Dean Approval**.

The Dean reviews the proposal and requested budget.

The Dean approves the proposal.

The system records the approval and changes the status to **Budget Approved**.

The system makes the approved status available to authorized users.

Alternate Flow — Proposal Rejected

4a. Faculty Coordinator rejects the proposal

The Faculty Coordinator selects **Reject**.

The system records the rejection and changes the status to **Rejected**.

The approval workflow ends.

The Club Lead is notified of the rejection.

7a. Finance Officer rejects the proposal

The Finance Officer selects **Reject**.

The system records the rejection and changes the status to **Rejected**.

The approval workflow ends.

The Club Lead is notified of the rejection.

10a. Dean rejects the proposal

The Dean selects **Reject**.

The system records the rejection and changes the status to **Rejected**.

The approval workflow ends.

The Club Lead is notified of the rejection.
